Dear Ed,

As per your request of last week, you will find attached a copy of our cost estimate for the inspection program. As you will see, I have included \$200.00 to cover any possible additional work which may arise during the course of the program. I think you will agree this is advisable, as you never can tell when some unforeseen work has to be done on such a program. I hope this meets with your approval.

Regards,

A handwritten signature in cursive script, appearing to read "Ray", with a long horizontal flourish extending to the right.
